Subject: Geographical Scope Extension of Interface NRM Ltd. for Europe and Türkiye (excluding Belarus and Russian Federation) has been Accepted

Letter code: 366

Dear Rob Kerr,

We are pleased to inform you that as of 02 October 2023, the geographical scope of Interface NRM Ltd. has been extended to Türkiye for FSC COC Technical Scope. Interface NRM Ltd. is therefore Accredited for Europe and Türkiye (excluding Belarus and Russian Federation). This updated information is now publicly displayed on the ASI webpage.

You can find enclosed the ASI Certificate with the updated Annex, which reflects this new scope. Also, the timelines of the current cycle are maintained as well as the assigned Accreditation code, ASI-ACC-078.

Please do not hesitate to contact us should you have any questions.

Best regards,

Matthias Wilnhammer
ASI Operations Director
